

## NSW Department of Education

# Wyong High School -Wyong High School - Behaviour Support and Management Plan

### Overview

At Wyong high school we are a diverse, inclusive community that strives to be successful, confident individuals in a hardworking learning environment. Our school community works above and beyond to provide everyone with opportunities, and encourage students to be proud, respectful and responsible learners, preparing them to be the kind, determined leaders of the future.

We believe in every student and support them to achieve their potential by enabling lifelong learning. Students will be prepared for life as informed, critical thinkers with a love of learning – ready to contribute to the wider community as active citizens.

Positive Behaviour for Learning (PBL) principles underpin our teaching and learning practices where explicit, modelled and guided instruction develop a productive, safe and supportive school culture. The framework assists in improving social, emotional, behavioural and academic outcomes for all students.

The creation of a supportive teaching and learning environment is enhanced by the challenging opportunities that Wyong High School's broad curriculum provides. This ensures student strengths are identified and enriched regardless of what their future pathway post-Wyong High School may be.

### Partnership with parents and carers

Wyong High School highly values the partnership with families and carers in establishing expectations for parent engagement in developing and implementing student behaviour management strategies, including bullying behaviour by:

- inviting community feedback through formal and informal means for example, but not limited to Tell Them From Me Surveys, school surveys/parent feedback consulting with the schools P&C Association and local AECG to review school systems, data and practices.

Wyong High School will communicate these expectations to parents/carers through the school communication systems including the school website to provide links to information and resources in the [Behaviour Support Toolkit](#), including [Mental Health](#).

### School-wide expectations and rules

Wyong High School expectations are displayed in each classroom and in common learning areas around the school. Our whole school approach to behaviour management is based around the published expectations.

Positive Behaviour for Learning (PBL) signage is thought Wyong High School displaying our core values and expectations of students. The Wyong Way Document also provides a more detailed matrix of expectations for all areas of the school.

Expectation	Demonstrated by:	Demonstrated by:	Demonstrated by:
<b>Respect</b>	<b>Active Listening</b> - Paying Attention - Facing the front	<b>Consider Others</b> - Let learning Happen - Follow Instructions	<b>Be Polite</b> - Appropriate Language - Right tone of voice - No name calling - Respectful to others
<b>Responsibility</b>	<b>Right Place Right time</b> - On time to school - On time to lessons - No truanting	<b>Be Safe</b> - Safe in the playground - Hands off	<b>Own Your Actions</b> - Seek help - Follow school rules - Be accountable - Mobile phone, off and away
<b>Learning</b>	<b>Be Prepared</b> - Have all books - Have all equipment - Be in uniform	<b>Make An Effort</b> - Try your best - Mobile phone, off and away	<b>Try Your Best</b> - Complete classwork - Complete assessments on time

## Behaviour Code for Students

NSW public schools are committed to providing safe, supportive and responsive learning environments for everyone. We teach and model the behaviours we value in our students.

The Behaviour Code for Students can be found at:

<https://education.nsw.gov.au/policy-library/policyprocedures/pd-2006-0316/pd-2006-0316-01>.

(This document translated into multiple languages is available here: [Behaviour code for students](#)).

## The Care Continuum

Prevention	Whole-school proactive and prevention approaches aim to establish and maintain safe, respectful learning environments for all students. Proactive approaches include explicit teaching of the expected behaviours. These learning environments include classrooms, playgrounds, online and any other school endorsed events and should encourage prosocial behaviour. These interventions underpin effective teaching and will reduce minor behaviours of concern when applied consistently.
Early Intervention	Some students require early intervention to deal with emerging, low-level behaviours of concern. Early interventions provide early support for students or groups of students who are identified as being at risk of developing behaviours of concern. Schools need to develop a range of initial responses and approaches to work with students displaying emerging, low-level behaviours of concern. Early responses to behaviours of concern include preventive strategies, explicit teaching of expected behaviours, logical consequences, and consultation.
Targeted Intervention	Some students may require targeted support to encourage positive behaviours, particularly if they exhibit more complex and challenging behaviours, or where the frequency of the behaviour of concern may put students' learning and social success at risk if it is not addressed quickly. School staff should facilitate positive behavioural supports, including explicit teaching of expected behaviours as well as making targeted and reasonable adjustments in the classroom to support effective teaching and learning practices.
Individual Attention	Students with highly complex and challenging behaviours may need comprehensive systems of support that require regular reviews in consultation with parents, Team within a school and Team Around a School. Strategies for these students require individual assessment, planning, implementation, monitoring and evaluation. Schools need to build capacity of school teams and teaching staff to be able to undertake functional behaviour assessments (FBA), develop individual student support plans and risk management plans for individual students.

### Whole school approach across the care continuum

The care continuum is a whole-school system that helps schools to put in place a positive and prevention-focused approach to meet the needs of all students. The care continuum includes interventions for:

- all students - creating a safe and respectful learning and play environments for all students. Along the care continuum this is known as prevention or universal interventions.
- some students - providing early intervention and targeted support for disruptive student behaviour, including students at risk of developing negative behaviours. Along the care continuum this includes early and targeted interventions.
- a few students - supporting students with complex and challenging behaviour needs, including students who have been diagnosed with particular conditions, through intense, individual interventions.

Care Continuum	Strategy or Program	Details	Audience
Prevention	Morning assembly	Morning assemblies are used to check students uniform. Teachers will provide any announcements that are needed for that day	Whole School
	Student Leader PBL announcements	Student leaders will provide a daily update to the PBL Fortnightly focus	Whole School
	PBL Classroom expectations	Classroom expectations are displayed in all rooms and followed by the school community	Whole School
	Breakfast club	All students have access to breakfast club at the Wellbeing Hub from 8:30am until roll call.	Whole School
	Modelled behaviour	School staff and leaders will continually model the expected behaviour	Whole School
	PDHPE Curriculum	<p><b>Health, Wellbeing and Relationships</b> – students develop the knowledge, understanding and skills important for building respectful relationships. They develop strategies to manage change, challenges, power, abuse, violence and how to protect themselves.</p> <p><b>Healthy, Safe and Active Lifestyles</b> – students develop the knowledge, skills and understanding to empower themselves to make healthy and safe choices and to take action to promote health, safety and the wellbeing of communities.</p> <p><a href="http://nsw.gov.au">Anti-bullying units of work (nsw.gov.au)</a></p>	Whole School

	Positive reinforcement of behaviour expectations	Gotcha free and frequents Gotcha Draws Attendance draws Presentation of awards	Whole School
	Access to Year Advisor	All students have a dedicated Year Advisor that manages wellbeing for the year group. These dedicated staff members are available to meet with students to provide support on a needs basis.	Whole School
<b>Early intervention</b>	Literacy and Numeracy rotations	Literacy and numeracy rotations occur in Stage 4 and offer a targeted team teaching approach for students. This allows for increased systematic and explicit teaching at the identified point of need.	Selected students
	Mentoring groups		Selected students
	Rock and Water	The Rock and Water program provides students with a pathway to self-awareness, increased self-confidence and social functioning.	Year 7 and 8
	White Wellbeing Card	Issued by executive staff member and utilised as student support allowing access to specific strategies to assist regulation	Point of need
	Wellbeing Hub	A check in check out system providing students with access to the Student Support Officer, Student Wellbeing Officer or Chaplain at point of need	Point of need
	Access to HT Wellbeing	Head Teacher Wellbeing works closely with the Year Advisor and Wellbeing Team to support students	Point of need
<b>Targeted intervention</b>	Creating Chances	Builds confident, capable and future ready young people. Sport is used to explore personal development, community involvement social change and can offer post school pathways.	Targeted students
	Clontarf	A program that focusses on student engagement, attainment and post school pathways. Clontarf is available to our male Aboriginal students. Clontarf offers wellbeing support, fitness programs, excursions and educational support.	Aboriginal Boys
	Cultural groups	Didge group, Dance Group	Aboriginal Students
	HSC Hub	Access to specific HSC support staffed by teachers. The space allows students working towards their HSC to study and access targeted support for their specific subjects.	Year 12 students

	Red Wellbeing Card	Issued by Deputy Principals allowing students to take time out of the classroom and independently implement regulation strategies. They may also use this card to access the Wellbeing Hub.	Point of need
	DP Involvement	Deputy Principal involvement will occur at a point of need. Supports will be allocated and discussed with the student.	Point of need
<b>Individual intervention</b>	School Counsellor Intervention	Our School counsellors are available to provide individual support for students in crisis. Students can be referred through the Learning and Support Team or can make self referrals.	1:1 support at point of need
	Personalised Learning Pathways	A Personalised Learning Pathway is a plan for Aboriginal Students to individualise their learning while planning for their future and taking into consideration the cultural heritage and connections.	
	Personalised Learning and Support Plans	A Personalised Learning and Support Plan is created for students who are identified through school processes as needing individualised support to meet learning outcomes. These plans are created in consultation with the student, staff, parents/carers and the external support agencies working with the student. These plans are implemented through delivery by the class teachers.	Individual students, families and supporting staff
	Individual Behaviour Support Plan	An Individual Behaviour Support Plan is created to support students who are identified through school processes as needing targeted support for behaviour. This plan is developed in consultation with staff, the student, parents/carers and other support services working with the student. The strategies that are implemented as part of the plan are communicated with staff working with the student.	Individual students, families and supporting staff
	Safety Plan	A safety plan is devised with the input of the student, staff and parents and is created on a needs basis. This is then communicated with the staff that work with the student to communicate suggested strategies.	Individual students, families and supporting staff
	Risk Management plan	A document created for school use to manage specific behaviours. Wyong High School will seek the support of the Health and Safety team to complete the document and communicated strategies to staff.	Individual students and supporting staff

## Planned responses to positive appropriate behaviour, inappropriate behaviour and behaviours of concern, including bullying and cyber-bullying

Positive behaviour is acknowledged by all staff at Wyong High school and is rewarded by the following, (See Appendix 1):

- Gotcha and Attendance draws
- Positive letters via Sentral
- Positive rewards days/ excursions
- Deputy Principal awards
- Principal awards

### Responses to behaviours of concern

A behaviour of concern is challenging, complex or unsafe behaviour that requires more persistent and intensive interventions. A behaviour of concern does not include low level inappropriate or developmentally appropriate behaviour.

Planned responses to behaviour that does not meet the expectations of the Department of Education and Wyong High School are either managed at a classroom teacher or executive level. Professional judgement is used when deciding whether a behaviour is teacher or executive managed. Staff consider whether the behaviour impacts the learning or poses a risk to the safety, and/or wellbeing of themselves and others (See Appendix 2).

Behaviours of concern are either:

- Teacher Managed – Low level behaviours that are managed in the classroom or playground by teachers. Corrective responses may include but are not limited to:
  - Rule reminders
  - Redirection or offer of choice
  - Prompts
  - Reteaching
  - Seat change / playground redirection
  - RAP chat
  - Communication with parents / carers
- Executive managed- Continuing misbehaviour or behaviours of concern that are managed by executive. Corrective responses may include but are not limited to:
  - RAP Session
  - Reflection
  - Head Teacher or Deputy Principal Monitoring Cards
  - Regular check-ins

### Bullying

Bullying has three key features and. It involves a misuse of power in a relationship, is intentional, ongoing and repeated and involves behaviours that can cause harm. Bullying can be physical, verbal or social. At Wyong High School, Bullying is managed as a behaviour of concern. [See DoE website for more information](#). See appendix 4 for management flowchart.

Students and/or parents/carers can report cyberbullying to the [eSafety Commissioner](#) and [eSafety Parents](#). Further links for most sites, games and apps can be found at the [eSafety Guide](#).

## Responses to serious behaviours of concern

Responses and management for serious behaviours of concern, including students who display bullying behaviour, are recorded on SENTRAL. These may include:

- Review and document incident
- Determine appropriate response/s, including supports for students involved, staff or other students impacted
- Refer/monitor the student through the school learning and support team
- Develop or review individual student support planning, including teaching positive replacement behaviour and making learning and environmental adjustments
- Detention, reflection and restorative practices (listed below)
- Liaise with Team Around a School for additional support or advice
- Communication and collaboration with parents/carers (phone, email, parent portal, meeting)
- Formal caution to suspend, suspension or expulsion.

Responses to all behaviours of concern apply to student behaviour that occurs:

- at school
- on the way to and from school
- on school-endorsed activities that are off-site
- outside school hours and off school premises where there is a clear and close connection between the school and students' conduct
- when using social media, mobile devices and/or other technology involving another student or staff member.

The NSW Department of Education [Student Behaviour policy](#) and [Suspension and Expulsion procedures](#) apply to all NSW public schools.

## Reporting and recording behaviours of concern

Staff will comply with reporting and responding processes outlined in the:

[Incident Notification and Response Policy](#)

[Incident Notification and Response Procedures](#)

[Student Behaviour policy](#) and [Suspension and Expulsion procedures](#).

Staff at Wyong High School are mandatory reporters and will follow Department of Education guidelines if there are serious concerns for the students safety or wellbeing. Staff at Wyong high school follow the Department of Education's Code of Conduct and feedback is taken on through the complaints management process.

## Sentral Audits

Sentral Audits take place fortnightly at a Year Advisor (YA)/Deputy Principal (DP) level for the purposes of student wellbeing. Prior to meeting with the DP, YA will audit the year group on Sentral under the categories of Behaviour, Attendance, Wellbeing Referrals and Commendations. Students will be noted for discussion. During the meeting with the DP, plans will be made regarding follow up for each of the categories. Follow up with students will then occur following the incident flowchart. The audit summary page is communicated to all staff.

<p><b>Prevention</b></p> <p><b>Responses to recognise and reinforce positive, inclusive and safe behaviour</b></p>	<p><b>Early Intervention</b></p> <p><b>Responses to minor inappropriate behaviour</b></p>	<p><b>Targeted/Individualised</b></p> <p><b>Responses to behaviours of concern</b></p>
<p>1. Behaviour expectations are modelled and referred to regularly. Student leaders speak of the PBL focus every morning at assembly and student voice is utilised to plan the next fortnightly focus.</p>	<p>1. Classroom Teacher strategies such as Responses such as proximity, signals, non-verbal cues, attend to needs, praise, corrective feedback</p>	<p>1. Contact HT/DP if there is immediate danger. If immediate assistance is not required, inform the executive team ASAP</p>
<p>2. Verbal and non-verbal feedback is provided with a tangible reinforcement to acknowledge students that are meeting behaviour expectations</p>	<p>2. RAP chats. Documented on Sentral</p>	<p>2. Immediate steps to restore order are to be taken. Strategies may include redirection to another area, offering choices, Immediate SSO or school counsellor assistance</p>
<p>3. Tangible reinforcements are provided such as Gotchas, positive letters home, Deputy Principal or Principal awards, academic achievement awards,</p>	<p>3. Rap chats and direct responses such as choice, rule reminders, re-teach, specific interventions for displayed behaviour. Documented on Sentral</p>	<p>3. Executive team member collects information and reviews the incident from all perspectives to determine next steps. Incident and outcome are recorded on Sentral. Contact to Parent/Caregiver is made to discuss incident and further action</p>
<p>4. Targeted wellbeing sessions, reward days and camps are held through the wellbeing team</p>	<p>4. Documented on Sentral and notify HT. Monitor and inform family if repeated. Appropriate referrals may need to be made such as ARCO, School counsellor, SSO.</p>	<p>4. Planning to further support student is commenced. This may include referral to Learning and Support Team, developing a Behaviour support plan, developing a behaviour response plan, developing an individualised learning plan etc.</p>
<p><b>Teacher/Parent Contact</b></p>	<p><b>Teacher/Parent Contact</b></p>	<p><b>Teacher/Parent Contact</b></p>
<p>Teacher may contact parent to discuss prevention strategies or positive behaviours.</p>	<p>Teacher contacts parent by phone or email when a range of corrective responses have not been successful. Discussions around individual planning and suggested strategies may occur</p>	<p>Executive staff member contacts parent to discuss supports available and behaviour responses. This may include but are not limited to Learning and Support Team, developing a Behaviour support plan, developing a behaviour response plan, developing an individualised learning plan etc.</p>

## Detention, reflection and restorative practices

Reflect and Plan (RAP) chats and sessions encompass the restorative practices to provide students with the opportunity to reflect on their behaviour, plan and develop appropriate strategies and supports to redirect behaviour aligning with Department of Education and Wyong High School expectations.

A RAP chat is designed as an instant reflection allowing the classroom teacher and student to discuss and correct minor behaviours. This allows for the student to make instant change and minimise the impact of their behaviour on the learning of themselves and others.

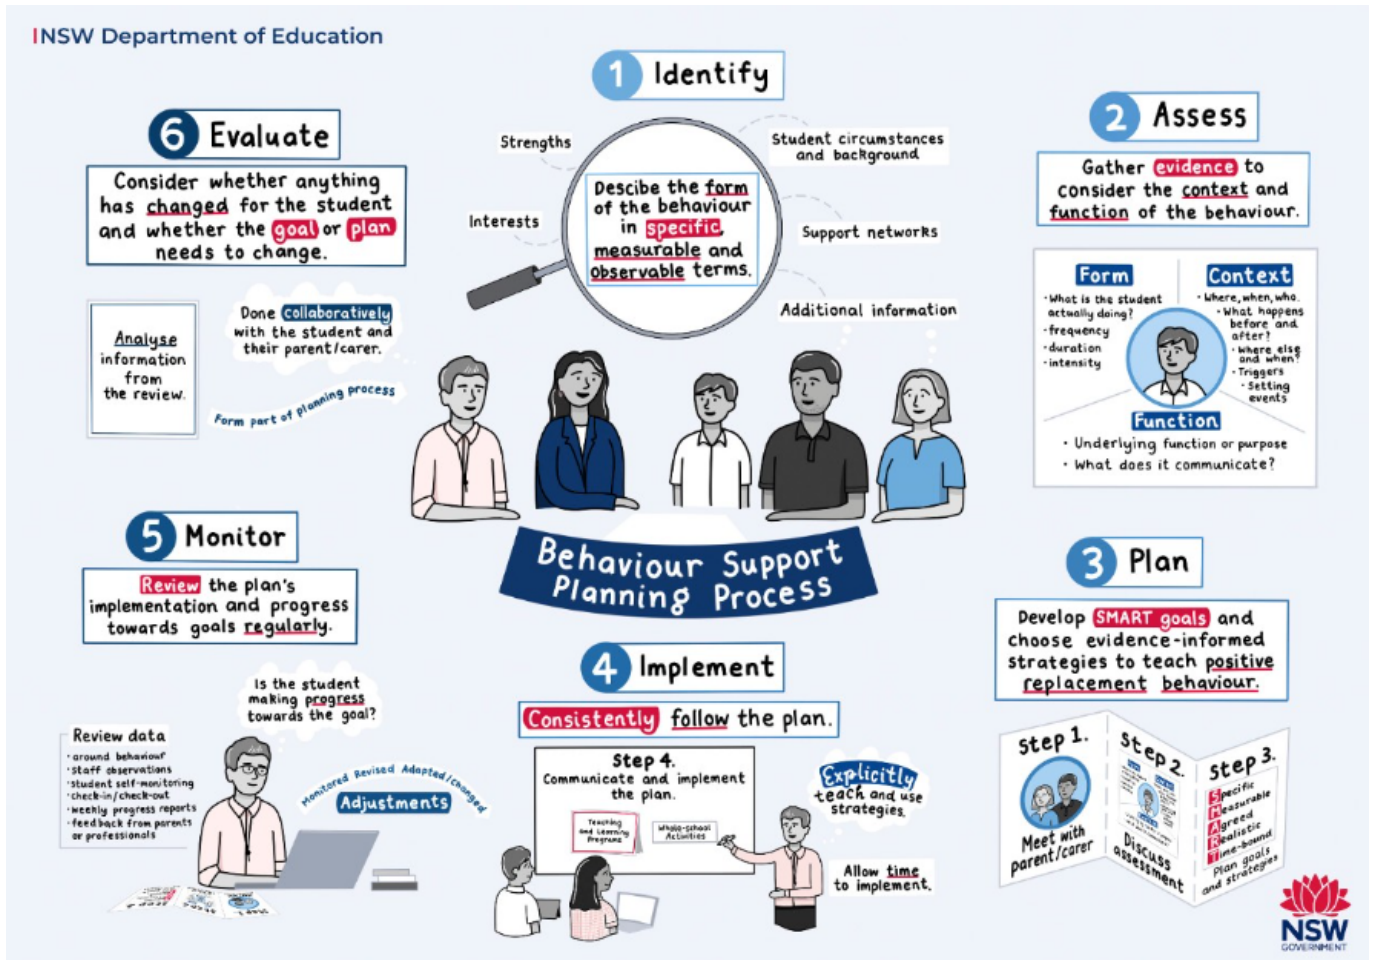

A RAP session is conducted during a break where a RAP has not been successful. This follows a more formalised approach in correcting minor behaviours, focussing on reducing the impact of their behaviour on themselves and others.

An Executive RAP session is designed to provide further opportunities of support in addressing continued behaviours of concern. These are held during a break with a member of the executive team.

Action	When and how long?	Who coordinates?	How are these recorded?
<b>Reflect And Plan (RAP) Chat</b>	Point of need. Brief discussion.	Classroom Teacher	Sentral - Wellbeing
<b>RAP Session</b>	Point of referral from Class Teacher.  Targeted Discussion	Classroom Teacher  or Head Teacher	Sentral - Wellbeing
<b>RAP Session - Executive</b>	Point of referral from Head Teacher  Focussed Discussion	Head Teacher or Deputy Principal	Sentral- Wellbeing

## Individual Student Plans

Individual student plans are created at a point of need and reviewed regularly following the detailed chart below.

## Individual Behaviour Support Plan

Behaviour support planning is a continuous cycle of planning and improvement. The process of continuous reflection and improvement is focused on understanding underlying triggers and causes from the perspective of the individual student. Behaviour support planning can assist schools to provide additional support and guidance to identified students

## Personalised Learning Pathways (PLPs) for Aboriginal students

A Personalised Learning Pathway is a document used by schools to ensure Aboriginal and/ or Torres Strait Islander students and their families are actively engaged in meaningful planning and decision-making in education. PLP conversations are of great importance as they identify and strengthen shared understandings of aspirational goals, expectations and responsibilities.

## Personal Learning and Support Plan

A Personal Learning and Support Plan (PLaSP) assists a wide range of students with additional learning needs. Schools, Schools, parents/carers, the student and other professionals where needed, will work together to identify learning goals and provide adjustments and support to meet these goals. This will be reviewed on a regular basis and adjusted to meet the individual students needs over time.

## **Risk Management Plan**

A Risk Management Plan is a document created with the Health and Safety team that is implemented when there is perceived risk around a behaviour. This plan will outline mitigation strategies to ensure the safety of students, staff and the school community. The H&S team and the school will work together to implement appropriate strategies to mitigate perceived risk. This will be reviewed at appropriate times.

### Review dates

Last review date: [31/01/25: Day 1, Term 1, 2025]

Next review date: [31/03/26: Term 1, 2026]
